## SERVOFRIZ S 150

### DESCRIPTION

Servofriz S 150 is refrigeration compression lubricant formulated with highly refined naphthenic base oil and synthetic base fluid for use in Industrial and Domestic Refrigeration use. The product is formulated to function as lubricant, coolant as well as sealant in refrigeration compressors. It also provides excellent lubrication of the moving parts in the compressor. The base fluids are designed to provide chemical stability from reacting with the refrigerants used in refrigeration systems.

### APPLICATION

Servofriz S 150 is recommended for use in refrigeration compressors where ammonia and halogenated hydrocarbons are used as refrigerant

### PERFORMANCE BENEFITS

- High thermal and chemical stability.
- Excellent oxidation stability
- Superior low temperature properties
